

FÉDÉRATION INTERNATIONALE DE TOURISME ÉQUESTRE

2022, THE YEAR OF REUNION

The year 2022 will be a year of meetings and exchanges, with important sporting events for TREC and Working equitation and the organization of the first International Meeting of Equestrian Tourism by the FITE.

In order to grow, equestrian tourism must spread beyond our equestrian family and reach all stakeholders private and institutional, from local to transnational level. I wish for this year rich discussions with the stakeholders of tourism, rurality, outdoor sports and all other subjects that are gravitating around the activities of the FITE. This is also the objective of the International Meeting and the participation of the FITE in the Euro'Meet of ENOS. I count on your mobilization for this flagship event of international equestrian tourism.

President
